PRESIDENT'S DEATH MAY STOP REVOLT

San Clemente of Colombia, It Is Believed, Was Practically a Prisoner.

VICE PRESIDENT IN POWER.

Marroquin Called to Assume Reins of Government After Collapse of His Superior's Mental Health.

Panama, Colombia, April 1.-A private message received here from Bogota, which has been officially confirmed, announces the death March 19, at Villets, a few miles from Bogota, of President Manuel San Clemente.

The death of Sen Clemente, who was about 50 years 51d, legitimizes the Government of Vice President Marroquin, the Acting President, and it is believed will do much toward ending the insurrection. Governor Salazar has issued a decree hon-oring the memory of the late President. Doctor Manuel A. San Clemente was elected President of Colombia in November, elected President of Colombia in November, 1888, and Doctor J. M. Marroquin was elected Vice President. In August, 1960, it was officially announced from Bogota that Doctor San Clemente was physically and mentally unable to exercise the duties of President. His indefinite absence from the capital encouraged and prolonged the civil war, and the people of Bogota publicly demanded that Doctor Marroquin, the Vice President, should assume the reins of Government, which the latter eventually did. From that time on, various reports in connection with the President and Vice President of Colombia have been in circulation, the general belief being that San Clemente was practically a prisoner at Villeta.

FOREIGN MODEL GOWNS.

Last Day of the Display at Scruggs, Vandervoort & Barney's.

Vandervoort & Barney's.

Truly, the present vogue of rich embroidories may be said to rival that of the French
period noted for its magnificence in nædile
oraft. Some spangied lace festoons, Persan
applique, showing giints of gold, jeweled
leathers, flowers in relief, veiled in chiffon,
and land-wrought laces with each petal
standing out in relief-these, only a few selected from the many, are simply reintroductions of the best examples of needlework of the historical periods.

The sumptuousness of the trimmings
shown at this exhibit excites general admiration. The rich embroidery on a coat by
'aquin and the lace festoons on a dinner
gown in the "Blue Room" at once arrests
the attention of every visitor at Seruggs,
Vandervoort & Barney's.

The models are from the best gownmakers of Paris and represent the fashions that
will have vogue during the season just
opening. The exhibit closes to-day.

MAJESTIC COOKING RANGES

Of either style or pattern, are the standard in the United States to-day. No intelligent person in the trade who is not aware of this fact. The reasons we give briefly: All parts liable to crack or break are made of malleable iron, and are practically indestructible. The bodies are made of open hearth steel, made especially for us; every rivet is drawn tight, and no gas or ashes can ever leak; not a particle of stove cement is ever used, because we have no cracks or open places to fill up; the flues are so arranged as to give you quicker results from your fire; the oven will bake quick and evenly, and, if properly used, your fuel bills will be less than half.

Our Combination Coal and Gas, as illustrated, is the embodiment of all that is useful and beautiful. The illustration does not do the goods justice. The Gas Ranges and Water Heaters are 50 per cent. ahead of anything on the market. Why take chances on inferior goods? Call at houses named below and examine for yourself.

LONE DEMOCRAT FROM KANSAS. Mr. Jackson Predicts a Political

Revolution in His State. REPUBLIC SPECIAL

Washington, April 1.- "Some of my Republican friends think it sport to refer to me as the ione Democrat from Kansas, and to ask me if I don't feel lost," remarked Representative Jackson of the Third Kansas District this evening.

"Well, they may think it funny, and perhaps it is just as well that they enjoy themselves now, for after the November elections in Kansas this year there will not be a Republican left to tell the tale. Instead of one Democrat and seven Republicans to represent Kansas in the House, there will be eight Democrats in the next House. And then my Republican friends will no longer refer to me as the lone Democrat from Bleeding Kansas. According to the political stars this is a Democratic year, and it will be a repetition of what followed the Fifty-first Congress."

exception of a few small bequests, left his estate, valued at \$15,000, to be used in founding a home for aged priests, provided the ordinary of the diocese approve of it, and his brother priests lend their aid.

The will may not be probated, however, as one of the witnesses could not remember yesterday the witnessing of the instrument. In the event that the witness cannot qualify, the estate will go to Father Moran's relatives.

Father Moran directed that \$300 be used in having masses said for his soul, and that a plain and simple monument. In the form of a cross, be placed at his grave in Calvary Cemetery. He left is each, to his brother, Andrew Moran, of Drim, County Galway, Ireland, and his other relatives.

The proposed home is to be under the control of a board of secular clergy. In the event that the ordinary of the diocese does not approve of the project, or, the other priests refuse to lend their aid, he directed that \$100 be paid to his niece. Kate Moran, \$200 each to the Alexian Brothers; Sisters of Charity, in charge of the for.23-ling Asylum, Tenth and O'Failon streets, the Carmellie Sisters and the Reverend M. J. McCabe, of St. Michael's Churas and the income of the remainder of the astate be given to the poor, under the direction of the St. Vincent de Paul Society.

The will was executed February 21, 1897. The Reverend M. J. McCabe and Thomas A. Rice are named executors. J. D. McGinnis and W. B. Dwyer are witnesses. Mr. Dwyer qualified yesterday, Mr. McGinnis stated to Probate Clerk, C. William Koenig, that he recognized his signature, as a witness, but cuid not remember signing, or the circumstances attending it. The matter was laid over to give Mr. McGinnis time to refresh his memory.

As a will must be attested by two persons, if Mr. McGinnis cannot make oath that he witnessed the instrument, it will be declared invalid, and the estate will go to Father Moran's heirs at law.
